ADOPTION APPLICATION

Please state the main reason you plan to adopt a cat: _____

Is everyone in your household aware you are planning to adopt a pet? Yes No

On average how many hours a day will your cat be left alone? _____

Are you aware that the adopted cat must be inside only? _____

Will you keep the animal up to date on vaccinations and worming? _____

Are you willing to take responsibility for this animal for the next 10 -20 years? _____

Have you thought of the weekly cost involved in having a cat? _____

Have you thought about the vet expenses associated with having a cat? _____

Cats and kittens once adopted are the responsibility of the new owner and all ongoing vet work and medication will be provided from the adoption date by the new owners. If your adoption is successful you will begin a 2 week trial period. The trial is organised to ensure the cat/s kitten/s is right for you. Valley Cat Rescue Project reserves the right to terminate the trial at any given moment. Until the end of the adoption trial, the cat/s or kitten/s are still owned by Valley Cat Rescue Project. Transfer of ownership will only happen if the 2 week trial is successful.

A mandatory home check will be performed prior to ensure all cats and kittens go to a safe and secure environment. We reserve the right to visit the cat at any moment during the trial adoption.

Valley Cat Rescue Project is not responsible for any unforeseen illnesses post adoption. Should an adopter wish for testing to be done for illnesses that are not visible at the time of adoption, the cost needs to be covered by the adopter. You are also aware that we cannot guarantee the future health and temperament of the animal.

I have read the above and certify that the answers I have given are complete, true and not misleading in any way.
